Allen Bartley

has successfully completed the online, non-credit Specialization

CompTIA a+_ network

This specialization certificate acknowledges your commitment and readiness to launch a career in IT/networking. You have demonstrated the ability to perform fundamental network installation and support tasks, managed Windows and Linux servers effectively and developed automation scripts. Whether you're starting your career or exploring a new path in IT or networking, this certificate signifies your readiness to take the next step. Congratulations on this accomplishment, and best of luck in your future endeavors!

CompTIA

CompTIA Instructor

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
